He said that when he was asked to take the case by friends of Frank he declined, with the statement that an atrocious crime had been committed and that the guilty man should be hanged.

Absolute quiet having prevailed throughout Ulster, the threatened dis-ruption of the army completely over-shadowed the tense situation resulting from the movement of troops in Ireland.

The unionists take the view that the attempts of the governmen to explain the "misunderstanding" of orders which brought on the resignation of General Gough and other officers failed completely.

Blame King George. Many papers hint that King George caused the reinstatement of the officers, which action, they declare, completely blocked the cabinet. The Manchester Guardian, an influen-The Manchester Guardian, an influential liberal paper, today declares:

Acquiescence to this interpretation of military duty is not only a serious blow to the army, but false to the whole conception of democratic progress.".

"The government, after panic conferences held ever since the cavalry officers at the Current regional shuffled with the need ever since the cavalry officers at the Curragh resigned, shuffled with the facts in the debate in the house of com-mons yesterday. OPENS AS ASSAULT ON TORREON BEGINS

Federal Army Drawn Up On Level Plain Awaiting Villa's Attack—Rifle Pits Pour Merciless Fire Into Opposing **Armies—City Completely Surrounded.**

CONSTITUTIONALIST HEADQUARTERS, VER-JEL, Durango, Mexico, March 24.—With Gomez Palacio in the hands of his troops, Gen. Francisco Villa has ordered every available troop of re-enforcements into the field for a final assault on Torreon.

Both armies are drawn up on the level plain between the federal position and Gomez Palacio.

Big guns are exchanging shells.

Rifle pits on each side are pouring a pitiless fire across the plain.

Barbed wire entanglements have been stretched across the plain to prevent a cavalry charge.

On the southwest, east, and south other divisions are pouring a hail of shells into the beleaguered town.

Gomez Palacio fell into the hands of Gen. Francisco Villa's constitutionalist troops at 9 o'clock last night after a day of terrific fighting and a fierce artillery duel. The town is afire. The fall of Torreon is hourly expected.
